

WE ALL INVEST TO BUILD ONE STRONG OHIO.

Common sense solutions to move us forward:

Close tax loopholes to increase accountability.

Think about it Every year, we give away \$7 billion in tax breaks. With a review, we can likely save \$400 million to invest into needed public services.

Reinstate a tax on corporate profits.

Think about it The share of Ohio state and local taxes paid by businesses has fallen from almost 40% to about 30%. By regaining the \$1.5 billion, we could help ensure schools aren't in fiscal crisis and have resources they need.

That's just a glimpse of our vision for a stronger Ohio. Learn more about our thoughtful approach at OneOhioNow.org

One Ohio Now is a statewide coalition promoting a balanced approach to make Ohio prosperous. We support investment in education, public safety, social services, and areas that improve communities and help meet the needs of Ohio's families.
